## **ABOUT PLATT & LABONIA**

### **Retail Merchandising, POP Units & Custom Storage Systems**

Servicing industrial markets for over 60 years with successful marketing and promotional products, Platt & LaBonia is proud to supply innovative merchandising, point-of-purchase displays and custom storage systems for leading home improvement, hardware, automotive retail stores and industrial leaders.

Our sales and design team can help individual companies or large retail venues develop market plans, creative POP products, storage systems and long lasting metal and plastic merchandising displays.

As illustrated in this new Craftline Catalog we are continuously expanding our line of stocked products. Our 60 plus years of experience designing and manufacturing storage products for some of the best names in the industry has been the blueprint for Craftline Storage Systems products. We have listened and reacted to our customers suggestions and have designed our products around quality, functionality, experience and value.

All of us here at Craftline/Platt & LaBonia Company thank you for considering Craftline products and we will continue to do what ever possible to maintain and support our distributor partners and their customers.

Thanks for your support and most of all, thanks for you business.
